### **What is the EMS Star of Life?**

The EMS Star of Life event is designed to honor the accomplishments of EMS personnel from all regions of Tennessee who provide exemplary life-saving care to **adult and pediatric** patients. The goal of the award is to recognize exceptional front-line care, with a focus on agencies and providers who are the initial care responders. The ceremony will include a presentation of the actual adult or pediatric patient scenarios and reunite the EMS caregivers with the individuals they treated. Recipients will be chosen from each of the eight EMS regions in the state. This is the premier event that will kick off EMS week within the state to recognize and honor our excellent prehospital providers.

### **Nominate an EMS provider!**

If you know a rescue or medical team that merits consideration as the regional recipient of the EMS Star of Life Award, please complete the nomination packet that follows and return it to the TN EMSC office by **February 9, 2015**.

#### **\*\*Note:**

The nominating crew will be disqualified from receiving the Star of Life Award if the nominated crew has been recognized for this call in a prior ceremony that would prevent them from attending the Star of Life Award Ceremony.

Tennessee Emergency Medical Services for Children Foundation takes great pleasure in sponsoring the seventh annual:

Date of Incident: March 5, 2014

Place of Incident: Frito Lay

**Please provide a written narrative of the EMS run below, and attach a copy of the all EMS run sheets, aeromedical run sheets, and emergency department notes. Please include any news articles and photos. Use additional paper as necessary.**

As Giles EMS Director, Supervisor, and Administrative Assistant were completing a meeting and meal with Air Evac Program Director, the page went out to a possible cardiac arrest with CPR in progress at Frito Lay, a local factory. Reaching the plant, we were directed to the location of the patient, by several different employees, directing traffic. There were several people around with CPR being done by Allan Shedd and an excellent job he was doing. Sharon Fogg was beside his face and Lee Edwards was operating the AED. They had defibrillated Mr. Adams twice. We advised them to continue as we placed our monitor on the patient, and secured an airway. Supervisor/Paramedic Hardy defibrillated twice more. After placing Mr. Adams in unit 116, he become combative, and after EMS received orders from Dr. Joe Fite, off line Medical Control, of 5 mg Versed, patient relaxed and was suctioned. Patient had regained a pulse at the time of shocks prior to moving to the EMS unit and air transport was requested to E911 by Director Roy Griggs. We transported to LZ and waited for aircraft. Wife came to scene and patient was loaded into aircraft to be transported to Huntsville Hospital.

**Please explain why you think the *EMS Star of Life Award* should be given to the nominees:**

All agencies involved showed the professionalism and the caring for a fellow human and co-workers. From the 911 dispatch, to Frito Lay's response and directions to area, and their patient care, to the EMS 1<sup>st</sup> response group on 108, including the Administrative Assistant, to the EMS Crew EMT-P Wroda and AEMT Dollar and Air Evac 110 crew. All the dedication and concern for a fellow human being was outstanding. May we all be fortunate enough to receive this kind of care. Patient has regained to normal health and returned to work.
