Overview

The 11th annual Update in Acute and Emergency Care Pediatrics conference is a result of collaboration between the four Comprehensive Regional Pediatric Centers (CRPCs) in Tennessee and Tennessee Chapter of the American Academy of Pediatrics (TN AAP) and Tennessee Emergency Medical Services for Children (TN EMSC). The emphasis of the course is to provide practical clinical information on urgent and emergent pediatric challenges in an atmosphere that encourages participant interaction.

Target Audience

This course is designed for pediatricians, nurses, emergency physicians, family practitioners, intensivists, nurse practitioners, physician assistants, EMS professionals, fellows, residents, healthcare students and others involved in the care of treating pediatric emergencies.

Course Director

Thomas J. Abramo, M.D.

Professor of Emergency Medicine and Pediatrics
Division Chief, Medical Director of Pediatric Emergency Medicine
Department of Pediatrics, Division of Pediatric Emergency Medicine
Director, Pediatric Emergency Medicine Fellowship Program
Medical Director of Pediatric Transport
Monroe Carell Jr. Children's Hospital at Vanderbilt
Nashville, Tennessee

Conference Objectives

Upon completion of this course, participants should be able to:

- Present evidence based practical information on pediatric and acute emergency medicine topics for the practitioner.
- Recall available resources and practice improving skills for managing acutely ill children and pediatric emergencies.
- Identify clinical practice guidelines related to multiple pediatric emergency situations and conditions.
- Describe specific strategies to change the practice of providing care for the critically ill and injured pediatric patients.
